Family Nurse Practitioner Fellowship

The Health Care Center for the Homeless (HCCH)/Orange Blossom Family Health (OBFH) Fellowship will help Family Nurse Practitioners develop career practices to help meet the health care needs of underserved populations.

Program Description

The Mission of the HCCH/OBFH Fellowship is to expand the knowledge of new nurse practitioners through in-depth educational experiences in Community Health Care settings that will result in competence and job satisfaction as well as increased access to health and wellness care for the homeless and other vulnerable populations.

The salaried NP Fellows will spend 60% or more of their time in mentored primary care practices with underserved patients. The remainder of the Fellows' time will be spent in a variety of activities learning about meeting the needs of homeless and other vulnerable populations.
